Art Integrated Project

Class – VII B

Topic – Women Empowerment

Women empowerment can be defined as promoting women's sense of self-worth, their ability to determine their own choices, and their right to influence social change for themselves and others.

It is closely aligned with

female empowerment – a fundamental human right that's also a key to achieving a more peaceful, prosperous world.

Women's empowerment and promoting women's rights have emerged as a part of a major global movement and are continuing to break new ground in recent years. Days like International Women's Empowerment Day are also gaining momentum.

Need?

Empowering women is essential for the health and social development of families' communities and countries. When women are living safe fulfilled and productive life, they can reach their full potential by contributing their skills as work force and can raise happier and healthier children.
