Dear Parent,

Long summer break is the most enviable part of school life! It provides time for rest and leisure. Children can just laze around, unwind, eat, play and make merry. A balance, therefore, between recreation and work must be found to ensure that a break is productive as well as relaxing. As dealing with small children these activities have to be performed under your supervision.

*\* **Get Creative:** Help your child make an attractive, handmade bag with old newspaper or magazines. Decorate it and put all the holiday homework in it.*

## **MAKE YOUR HOME A PLACE FOR READING**

Here are some tips to help parents of young children to promote reading at home.

- ❖ Choose a quiet time for reading to your child, as in before a nap, Bed time, or after dinner.
- ❖ Choose a special place for family reading, like a comfortable chair or pillow piled on the floor.
- ❖ Let your child select the book for you to read aloud.
- ❖ Hold the book so that she or he can see the pictures. If possible, also let her or him turn the pages.
- ❖ Take time to look at and talk about the pictures. Don't just read the story: talk about it. Let your child point out the letters, shapes, colors and animals
- ❖ Invite your child to read with you.

### **Everyday Activities:**

- ❖ Get up early in the morning and see the rising sun.
- ❖ Go for nature walk.
  - Feel the fresh air. Take a deep breath and do breathing exercises.
  - Hear the birds chirping.

Make a collage of these beautiful pictures on an A- 4 size pastel sheet and give it a nice border. Write the name, class and section of the child at the back of the sheet. **Get it laminated from the shop only.**
